

Cross Country NWT Team NWT Suit Policy FINAL

This policy sets out the process used by Cross Country NWT (CCNWT) to produce and distribute Team NWT suits for competitive events such as the Arctic Winter Games.

1 SUIT DESIGN AND PRODUCTION

From time to time, at the discretion of the CCNWT Board, designs shall be sought and commissioned for Team NWT suits. The Board may adopt any method for the selection of a design to advance for production.

Suit designs bearing the Team NWT insignia created under this policy shall be neither commissioned nor worn by competing athletes nor CCNWT members except with CCNWT's written permission.

2 SUIT DISTRIBUTION

Athletes eligible to receive CCNWT-produced Team NWT suits are:

- Those selected to compete at the Arctic Winter Games;
- Those selected to compete at the Canada Winter Games (subject to review and confirmation by the CCNWT Board).

Athletes removed on disciplinary grounds from an Arctic Winter Games or Canada Winter Games team prior to the event forfeit their right to wear a Team NWT suit, and are obliged to return the suit to CCNWT without refund.

Athletes removed on grounds of injury or illness from an Arctic Winter Games or Canada Winter Games team prior to the event are able to keep their suit, or may return it unused to CCNWT for a full refund. Additional suits will be made available to alternate skiers called up for events, to whom this policy then applies in its entirety once selected.

Athletes who compete at an Arctic Winter Games or Canada Winter Games are entitled to keep their Team NWT suit, or return them to CCNWT within four weeks of the event's conclusion – in satisfactory and reusable condition by CCNWT's estimation – for a 50% refund on suit costs paid by the athlete and family.

3 SUIT COSTS

The cost of producing each Team NWT suit is to be split between CCNWT and the athlete and family to whom each suit is issued as follows:

- 50% of final suit cost, including shipping, borne by CCNWT;
- 50% of final suit cost, including shipping, borne by athlete and family. (CCNWT may elect to subsidize this cost if a family is unable to meet this requirement.)
