TECHNICAL PACKAGE

2024 ARCTIC WINTER GAMES

1. Introduction

Technical Packages are critical guiding documents that assist Host Societies as they coordinate all sport competition (including competition formats, rules and procedures) and Mission Teams as they coordinate their teams' participation (including athlete eligibility, categories and team composition). Every Games' Host Society and Participating Unit's Mission Team, Coaches and Managers have an obligation to read and understand every aspect of the Technical Package. Should a need for clarification arise, questions should be directed through the Participating Unit's Chef de Mission for review and response by the Arctic Winter Games International Committee (AWGIC) Technical Director and Technical Coordinator.

2. Rules

This competition will be conducted under the rules of the [Fédération Internationale de Ski \(FIS\)](#) as published on January 1 of the year of the Games, except as modified by the AWGIC (Section 13). The Host Society must advise Chefs on sanctioning and any related matters that might affect their teams.

3. Sanction

The competition will be conducted under the [rules and sanction of FIS](#) as published on January 1 of the year of the Games, unless otherwise approved by the AWGIC. Where possible, the Host Society should explore sanctioning under their jurisdiction's sport governing body (e.g., Nordiq Canada). Should a competition be granted sanction, the Host Society will communicate said sanction to all Participating Units, including the conditions of the sanction that may or may not differ from the International Federation's (IFs) rules and sanction.

4. Participants

Each Participating Unit may enter a team comprised of a maximum of eighteen (18) skiers and four (4) coaches as listed below. All age categories are based upon an athlete's age as of December 31 prior to the Games.

5. Eligibility

To be eligible to compete in the Arctic Winter Games, an athlete shall:

1. Be a "Developing Athlete"
 1. A Developing Athlete is one who has not represented one's nation in international (outside of an Arctic Winter Games) in the sport they are competing in.
 1. An athlete who has competed for one's club in international competition (not representing one's nation) is considered a developing athlete;
 2. An athlete who is a member of one's national team, but has not represented one's nation in international competition is considered a developing athlete.

compete in an older age category must be submitted to the AWGIC Technical Director and Technical Coordinator a minimum of 14 days prior to the start of the Games. Relay teams should consist of athletes registered within the same category. In exceptional circumstances, or where a team does not have enough skiers to fill a relay category, skiers from a younger category can be moved up an age category to fill a relay team. Skiers are to race only once in the relay event and are not permitted to race in multiple relay events.

See Appendix A for additional eligibility requirements.

6. Competition

Format

The competition shall take place abiding by the [FIS International Ski Competition Rules \(ICR\) Book II Cross-Country](#), as published on January 1 of the year of the Games.

Refer to Section 13 for information regarding Interval Start, Mass Start, and Relay Formats.

Sprint Format

Sprint Competition will follow a [King's Court](#)/Ladder format. In the King's Court sprint format there are still three rounds of heats after qualification, but skiers are promoted or demoted from their start positions and ski all three rounds rather than be eliminated.

In Kings Court sprints, all entrants can ski all sprint rounds. If the course width can accommodate six skiers, the top six qualifiers are put in the same heat and the next six qualifiers in another, and so on throughout the field. The fastest heat should be run last. With six skiers per heat, the top two are promoted to a faster heat and the last two demoted to a slower heat. Those in positions three and four stay at the same level. In this format all heats in a round are skied before the next round is started. If the course is not wide enough for six skiers, this format works well with four skiers per heat. In this event, the top two skiers are promoted and the bottom two are demoted.

Events

Competition shall be conducted as per the schedule below. Alterations at the discretion of the Host Society must be approved by the AWGIC.

A final review and approval of the Master Sport Schedule must be conducted by the AWGIC Technical Director prior to being considered "final".

The Master Sport Schedule is developed by the Host Society in consultation with the Sport Vice President, Sport Chairs and the AWGIC as required. The sport schedule is developed using the Sport Technical Packages and by reviewing the sport schedules from previous Games.

The Host Society shall:

- Create a process for stakeholders to provide input and request changes to the schedule;
- Revise and update the Master Sport Schedule, redistributing updated versions as required on an ongoing basis between 12 months pre-Games and the end of the Games.

The Host Society, to the best of their ability shall:

- Refrain from scheduling any competition or practice/training within three (3) hours of the beginning of the Opening Ceremony;
- Respect the timing required for participant feeding, transportation and marshalling for opening and closing ceremonies;

9. Competition Uniform

Teams are responsible for providing the competition uniforms (ski suits) and should consider the climate and race conditions in the Host region. The Host Society is responsible for providing practical bibs that are suitable for competition, readable from the back and the front, and do not hinder the participant in any way. Visible wearing of the starting bibs is mandatory. The size, the shape and the method of attachment cannot be changed.

10. Registration

All Participants (athletes, coaches, managers and support staff) must be registered in the Arctic Winter Games electronic registration system (GEMS.pro) no later than 14 days prior to the Opening Ceremony.

11. Protests & Appeals

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

12. Arctic Winter Games Rule Modifications

- a. The FIS requirement to pay a fee when filing a sport technical protest is waived for the Arctic Winter Games. The non-sport protest procedure continues to apply.
- b. The sprint event is to feature qualification and elimination rounds designed to allow each skier to compete a minimum of three (3) times, see separate sprint event format (Section 6).
- c. Seeding for Interval Start and Qualifying Round of Sprint:
 - Teams will seed skiers in three (3) seed groups for the interval start and sprint qualifying rounds, with not more than one (1) skier in each seed group. Seeding/entry forms for these events will be sent to the teams 14 days prior to the Games and should be returned to the Host Society not less than 5 days prior to the first race.
- d. Seeding for Mass Start:
 - If the interval start event is held before the mass start event, skiers will be seeded in the mass start event based upon their finish in the interval start event (i.e., the winner of the interval start event will be seeded first in the mass-start event, the second-place finisher in the interval start event will be seeded second in the mass-start event, etc.).
- e. Relay Format:
 - If trail widths are sufficient, there should be a single start for all three (3) female categories and another single start for all three (3) male categories.
- f. Relay Bibs: If all classes of a single gender start together in the relay, bib numbers must be assigned in such a manner that it is easy to tell which class a skier is in.
